

Sacrolyte Data Sheet

An Electrolyte Powder for Calves and Pigs

Recommended Use

Sacrolyte is a complete dietetic feeding stuff for the particular nutritional purpose of the stabilization of water and electrolyte balance in young calves and pigs. It contains predominantly electrolytes and easily absorbable carbohydrate. It may be used in case of, during periods of, or recovery from digestive disturbance (diarrhoea). It is recommended that a veterinarian's opinion be sought before use.

Dosage and Administration

Sacrolyte is for oral use in calves and pigs. Add the contents of one 100g sachet to 2.5 litres ($\frac{1}{2}$ gallon) of water and mix thoroughly while adding. This amount should be fed twice daily. Occasionally it may be necessary to force feed an animal. On the 3rd day return animal to $\frac{1}{2}$ normal feed and $\frac{1}{2}$ Sacrolyte solution. Thereafter, return animal to normal diet.

	Calves (Twice Daily)	Pigs (Twice Daily)
Day 1	2.5 lit ($\frac{1}{2}$ gal)	2.5 lit ($\frac{1}{2}$ gal) to 10 pigs
Day 2	2.5 lit ($\frac{1}{2}$ gal)	2.5 lit ($\frac{1}{2}$ gal) to 10 pigs
Day 3	1.25 lit ($\frac{1}{4}$ gal) + $\frac{1}{2}$ normal feed	1.25 lit ($\frac{1}{4}$ gal) + $\frac{1}{2}$ normal feed to 10 pigs

Analytical Constituents

Crude Protein	<0.5%
Crude Fibre	0.3%
Crude Ash	12.0%
Crude Oils and Fats	2.4%
Sodium	1.7%
Potassium	2.35%
Calcium	<0.5%
Magnesium	<0.5%
Phosphorous	0.3%

Composition

Dextrose (carbohydrate source), sodium chloride, potassium chloride, sodium citrate, Monopotassium phosphate, fractionated coconut oil.

Additives (per Kg) Vitamins

Vitamin B1	750 mg
Vitamin B2	1100 mg
Vitamin B3	400 mg
Calcium-D-pantothenate	1500 mg

Gelling Agent

Hydroxypropylmethylcellulose (E454)	80g
-------------------------------------	-----

Warnings

Discard unused solution after 24 hours.

Keep out of reach of children.

Store in a dry, cool place.

FOR ANIMAL FEED ONLY

Manufactured for Tulivin Laboratories Ltd.
